GENERAL INFORMATION

Soyshot® is a starter fertilizer with a low salt index developed for maximum crop safety and performance specifically designed for use in soybeans as an in-furrow starter fertilizer.

DIRECTIONS FOR USE

General guidelines: A number of variables influence the rate of application necessary to control or correct a specific deficiency. For best results, follow good agronomic practices, soil test and if necessary, use tissue analysis. User should also seek the advice of a certified crop advisor or trained agronomist. For specific crop recommendations in your area, consult your states recommendations.

APPLICATION DIRECTIONS

For use as an in-furrow Starter fertilizer: Apply 1-2 gal/A of Soyshot alone or with water as an in-furrow starter fertilizer in soybeans.

FIRST AID

IF SWALLOWED: Rinse mouth. DO NOT induce vomiting

IF ON SKIN (OR HAIR): Take off contaminated clothing. Wash with plenty of water.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue Rinsing. If eye irritation persists: Get medical advice/attention.

PRECAUTIONARY STATEMENTS

Avoid breathing mist/vapors/spray. Wash thoroughly after handling. Use only out-doors or in a well-ventilated area. Wear eye/face protection.

STORAGE AND DISPOSAL

STORAGE: Soyshot freezes at 17° F. Avoid using containers, pipes and fittings made of zinc-clad or copper bearing alloys.

DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) after mixing and loading product. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycling.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state, and federal laws and regulations.

ENVIRONMENTAL HAZARD

In the case of a spill, contain spill and maximize recovery.

Conditions of Sale and Warranty Limitation: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of CHS Inc. or the seller. All such risks shall be assumed by the buyer. CHS Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. CHS Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall CHS Inc. or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. CHS Inc. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of CHS Inc.
